## INTRODUCTION

The "Directory of Alberta Government Libraries" is produced by Cooperative Government Library Services Section, Alberta Legislature Library, on a semi-annual basis.

It lists provincial government libraries in Alberta and includes statistics on the number of libraries and library personnel within the provincial government.

New entries include Alberta Career Development & Employment's Labour Market Information Centre and Alberta Education Response Centre's Reference/Preview Centre. Several former entries have been deleted due to position abolishment or amalgamation. These include the positions of Provincial Centre Librarian, Correctional Services Division, Alberta Solicitor General's Department; Librarian, Alberta Technology, Research & Telecommunications and Librarian, Alberta Utilities Division.

As the number of libraries utilizing fax equipment has increased significantly during the past year, a list of related fax numbers has been compiled for user convenience.

This edition is based on information compiled in May, 1989. Additions and changes will be included in the Alberta Government Libraries' Newsletter, generally issued the first week of every month. Please notify Cooperative Government Library Services Section, Alberta Legislature Library, 427-3837 of related changes.

Cost of a subscription to the Directory is $7.00 per year. This entitles the subscriber to one copy of each of the two editions that are produced during the calendar year.
